2024 Pain Care Skills Training (Virtual)
Title: Headaches: Evaluation & Treatment Planning
Presented by: Dr. Mitchell Elkiss
Offered: 14 August 2024 PM 1300-1600 ET
Location: ZoomGov

Course Description:
This session includes a review of primary headache epidemiology and pathophysiology. Participants will develop a recognition for red-flag symptoms. In addition, they will learn how to create a personal pain management plan for patient's suffering primary headaches. They will improve their clinical decision-making and gain a deeper understanding of evidence-based pharmacologic and non-pharmacologic treatment options.

Objectives:
1. Be able to identify the Red Flag symptoms of headaches

2. Be able to explain the difference between migraine and tension-type headaches

3. Be able to create a personalized plan for a headache sufferer
