

Continuing Medical Education Course Handout for

2024 Pain Care Skills Virtual Training (Interprofessional, CDE)

Wednesday, August 14, 2024 - Thursday, August 15, 2024
Virtual Walter Reed , Bethesda, MD

Provided By
NMLPDC

Activity ID
2024-0336

Course Director
Christopher Spevak

CME Planner
Amy . Osik

Accreditation Statement

The Naval Medical Leader & Professional Development Command (NMLPDC), Continuing Medical Education (CME) Department, Bethesda, Maryland is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for Physicians.

Credit Designation

The Naval Medical Leader & Professional Development Command designates this Live Activity for a maximum of 15 *AMA PRA Category 1 Credit(s)*.TM Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Statement of Need/Gap Analysis

The purpose of this CME activity is to address the identified gap(s):

1. Train learners on the current knowledge and research surrounding pain related topics; specifically in relation to nutrition, behavioral modalities, health for healthcare providers, COVID & Pain, physical modalities and anything that is supported within the biopsychosocial modal.
2. The predominant gap in knowledge and performance of military Primary Care Managers (PCM) is related to issues associated with the necessity to prescribe opioid narcotics in lieu of having other alternative integrative therapy modalities that they can utilize. This is evidenced by the number of opioid and poly-pharmacy patients within the military relative to who have access to alternative integrative modalities such as acupuncture, medical massage, biofeedback, and movement techniques such as yoga and Thai Chi.

Learning Objectives

1. Learners will discuss and evaluate emerging research related to Pain Management including other alternative modalities.
2. Learners will describe specific ways to treat patients pain issues and the ways they differ from general population pain issues.

3. Learners will discuss the opioid epidemic as it applies to pain management treatments, addiction problems, and forms of pain management other than narcotics.
4. Learners will discuss emerging strategies to decrease the likelihood of opioid dependence for chronic pain issues and increase the overall functionality of patients.
5. Learners will discuss and demonstrate multimodal approaches to pain management employing a variety of techniques and treatments that military healthcare is dedicated to embedding into all MTFs.

Target Audience

The intended audience for this Pain Care Skills Training is focused toward PCMs, Residents and Fellows. However, it is also our goal to include educating PAs, Nurses, and social workers/case managers, pharmacist and specialty providers that deal with pain (PT, rehabilitation, neurologist, psychologist, dentist, etc). It is vital for all staff to be educated in pain management and pain management techniques.

Disclosure of Faculty/Committee Member Relationships

It is the policy of the NMLPDC that all CME planning committee/faculty/authors disclose relationships with commercial entities upon invitation of participation. Disclosure documents are reviewed for potential conflicts of interest and, if identified, they are resolved prior to confirmation of participation.

Faculty Members

Beckham, Troy	- No relevant financial relationship with an ineligible company to disclose.
Clapp, Jamie	- No relevant financial relationship with an ineligible company to disclose.
Cornish, Nicole	- No relevant financial relationship with an ineligible company to disclose.
De luigi, Arthur	- No relevant financial relationship with an ineligible company to disclose.
Dee, Ada	- No relevant financial relationship with an ineligible company to disclose.
Diehl, Abby	- No relevant financial relationship with an ineligible company to disclose.
Driscoll, Mary	- No relevant financial relationship with an ineligible company to disclose.
Edison, Jess	- No relevant financial relationship with an ineligible company to disclose.
Edwards, Jeremy	- No relevant financial relationship with an ineligible company to disclose.

Elkiss, Mitchell	- No relevant financial relationship with an ineligible company to disclose.
Gawrys, Breanna	- No relevant financial relationship with an ineligible company to disclose.
Hayes, Sally	- No relevant financial relationship with an ineligible company to disclose.
Ingegno, Tom	- No relevant financial relationship with an ineligible company to disclose.
Love, Darren	- No relevant financial relationship with an ineligible company to disclose.
