

2025 Pain Care Skills Training (PCST) & Substance Use Disorder (SUD) Combined Agenda

Pain and SUD Essentials in the Primary Care Setting

Presented by: Patrick Saas, MD; Sean Simmons, MD; David Riegleman, MD

Offered: 13 August 2025, 0830-1130 AM ET

Location: ZoomGov

Course Description: This presentation is geared for those in the primary setting who interact with patients suffering from chronic pain and substance use disorder. The goal of the talk is to equip those listening with tools and strategies to treat these patients the best way possible.

Learning Objectives:

1. Gain understanding of the biopsychosocial aspects of chronic pain
2. Recognize the signs and risk factors for substance use disorder
3. Apply strategies for safe medication prescribing
4. Explore integrated approaches for co-management of pain and substance use disorder
